CITY MISSION NOTES

Resume of Work Done For October—All Should Realize What Great Good Is Being Accomplished.

"In as much as ye have done it unto the least of these my Brethren, ye have done it unto me."

The Board of City Missions met in their regular monthly session, Tuesday afternoon, when a resume of last month's work was made, and plans formed for the coming month. October had proven to be a very busy time.

The Sunday School and Tuesday evening services continue with their usual interest. The Story Hour has proven most instructive, with an average attendance of 32. The night school has been inaugurated, but the attendance thus far has been rather discouraging, but 'tis hoped when the value of this instruction after working hour is fully understood more will become interested. The industrial schools continue with unabating enthusiasm, children being trained in every branch of practical home-making.

Two hundred and eighteen garments were placed.

\$3.10 received for garments sold. Eighty-one calls made in the homes and four baskets of provisions sent out.

\$19.00 was spent to relieve varied kinds of distress and sickness.

Several belated contributions to the Birthday fund were reported, swelling that fund very considerably.

A large crowd of young folks from this city motored over to Flemingsburg last night to attend the masquerade dance held at the Princess Theater.

FOURTEEN STATES IN DRY COLUMN.

Chicago.—Fourteen states now have laws prohibiting alcoholic beverages as a result of Tuesday's election on the face of tonight's returns, which show that prohibition was adopted in Arizona, Washington, Oregon and Colorado. The states which prohibit liquor are, Arizona, Oklahoma, Colorado, Georgia, Kansas, Maine, Mississippi, North Carolina, Oregon, Tennessee, Washington, West Virginia, Virginia and North Dakota.

KAISER HAS CLOSE CALL

When His Room is Destroyed By Bombs—Two Aids Killed

The correspondent of the Times in northern France gives further details of Emperor William's escape from bombs at Thiel, Belgium.

"For a few days," says the correspondent, "Emperor William was at the operations on the Neuport-Ypres line. Last Sunday the Emperor, with some of his aides, arrived by motor car at Thiel, where apartments had been reserved for him at the hotel and where dinner was waiting.

"The Emperor's personal baggage already had been deposited in the bedroom in which he was to spend the night. The Emperor, in his hurry, did not dress for dinner, and immediately after dining, instead of retiring, hurriedly left the tavern with two aides and motored to the other end of the town, where other rooms were engaged.

"Twenty minutes later six bombs fell on the hotel and the Emperor's baggage in his room was completely destroyed. Two of the aides who had remained at the hotel were killed and their motor car, which was waiting in the yard, was wrecked."

ALLIES HAMMERING GERMANS—50,000 FALL IN LAST BATTLE

London, Nov. 6.—The correspondent of the Times in Pas De Calais sends the following:

"I am credibly informed that the German losses in the supreme attack on the British between Ypres and Lille are well over 50,000.

"The fighting is still proceeding, but its fury has been spent. The Germans were repulsed, but it is rather early yet to emphasize suggestions of German demoralization."

The correspondent of the Daily News in the north of France telegraphs to day as follows:

"The main fighting is now proceeding further south around Amantieres and on the frontier lines a few miles east of Nieppe.

"Lille is burning and battered. The allies have been in and out of the city and air shells set the town alight at the western end. If we cannot hold the enemy out we must drive him towards Flanders with flame and smoke.

"It is reported that Emperor William with his staff is directing the whirlwind from Tourai, Belgium, with Boulogne and Calais as the object via Hazebrouck and Stomer where, if the Germans can break through, there is a clear road to the coast. The battle here will not be decided for several days."

RUSSIANS GAIN GREATEST VICTORY.

Paris, Nov. 6.—Grand Duke Nicholas commander-in-chief of the Russian forces in the field, has sent a telegram to General Joffre, commander-in-chief of the French forces, saying the Russians have gained in East Prussia the greatest victory since the beginning of the war.

BRITISH ANNEX CYPRUS.

London, Nov. 6.—Great Britain on Thursday formally annexed the Island of Cyprus, in the Mediterranean, which nominally formed a part of the Turkish Empire.

Mrs. W. F. Munzing of Dover, is visiting her son, Mr. Arthur Munzing of Limestone street.

The remains of James Cummins, who died at his home at Atlanta, Ga., Tuesday afternoon, were shipped to Cincinnati and were cremated yesterday morning. The ashes arrived last night on C. & O. train No. 6, and were placed in the Maysville Cemetery this morning. Short services were held at the grave by Rev. R. L. Bean.

BROKEN FAITH BRINGS BROKEN POWER

To the three score Democratic members of Congress who have been retired to private life by their constituents the power and influence of the Federal Administration must certainly seem to be a delusion and a snare.

All of these gentlemen possessed the confidence of the voters, enjoyed their respect, and were given power and place by reason of such confidence and respect.

They have discovered now that it was the people who conferred honor and power upon them, and to whom their allegiance was due, and to whom they should have rendered service as promised.

They erred in their judgment. They blundered in their mission.

They tripped and fell when men like Speaker Clark and Oscar Underwood stood firmly and remained steadfast and true.

They miscalculated the power of a Federal Administration.

It is as nothing against the force of public opinion.

Public opinion in the United States condemns those who, either in or out of office, are faithless to principles announced, to pledges and promises voluntarily made.

Those who placed the Democratic party in the false position of a repudiator of its pledges and a violator of its promises to the electorate were preparing defeat for the party and defeat for themselves by that action. Nearly three score of these have paid the personal penalty through the close of their political careers by the votes of their constituents, but it was not they alone who have suffered for their errors in departing from the Democratic creed as laid down by the Baltimore convention.

The Administration call upon the voters of New York State to sustain it by voting for Governor Glynn was answered by his loss of every county in the State except those counties included in the area of Greater New York.

The Administration call upon the voters of Pennsylvania to sustain it by voting for its candidate for Senator was answered by a majority of hundreds of thousands for the Republican candidate. So with State after State that could be named, Democratic candidates by hundreds, and by thousands in the total, have been swamped by the errors, and blunders, and mistakes of the men who took it upon themselves to repudiate the Democratic platform pledges in their official action.

We sincerely hope that public men of every party will be admonished by this rebuke of the people to Democratic violators, and that in the future there will be the strictest adherence by officials to the pledges made the people.

Broken faith inevitably results in broken power. —Cincinnati Enquirer.

BEATS MOTHER SHIPTON

Speaking of prophecies, the old Portsmouth Blade on November 1, 1911, printed an article which contained the following paragraph:

"Whatever war breaks out in the west of Europe, poor Belgium will certainly be in it. Bigger nations will certainly use her territory as a short cut. Switzerland is luckier in that way. No thought of possible wars need ever worry Switzerland. She has no sea coast, and so has no navy. Her army she could easily do without." —Portsmouth Blade.

A contributor to the Baltimore Sun says European militarism is "on its last legs." In other words, its hind legs?—Courier-Journal.

War machines will not look as imposing when they finish writing off for depreciation and loss of good will.

MILITANT CLERGYMEN

From time immemorial there seems to have been no well-founded criticism of any cleric who elected to make temporary exchange of the pulpit for the fighting line. There have been numerous examples of this substitution—which at first thought may seem to be a trifle incongruous—ever since the Christian religion displaced the polytheism of the ancients. Fighters in holy orders are not of rare mention in medieval history, and in our own civil war more than one clerical patriot stepped out of his vestments into the blue or the gray. It was at that time Bishop Leonidas Polk, of Louisiana, with the full consent and earnest godspeed of his associates in the ministry, exchanged his cross for a sword and accepted a commission as general in the Confederate army.—Washington Herald.

"A SIGNAL VICTORY" (?)

It is almost the invariable rule that two years after a presidential election in which Congress goes with the President the House of Representatives is carried decisively by the opposition.

That it was not so carried this year is a signal victory for the President and his party.—Courier-Journal.

In the language of the gentle historian "another such a victory" and you are lost.

JUST KEEP GOING

To reach the battle front, start anywhere in Europe and travel in the same direction.—Wheeling News.

For a nation that lives largely upon rabbit meat the Belgians have certainly shown a remarkable exhibition of the lion heart.—Charleston (W. Va.) Mail.

War correspondents who get tough chicken in the New York restaurants return to the office and send out dispatches that "operations on the left wing were repulsed."

Is not the whole country, Democrats and all, looking to the Republican party for the restoration of prosperity and sound business?

"Boy, take these flowers to Miss Bertie Boboo, room 12."
"My sir, you are the fourth gentleman who's sent her flowers today."
"What's that? Who sent the others?"
"Oh, they didn't send names. They all said, 'She'll know where they come from.'"
"Well, here, take my card up and tell her these are from the same one who sent the other three boxes." —From London Answers.

A WORD WITH WOMEN

Valuable Advice for Maysville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Maysville woman's convincing statement:

Mrs. Dora McLeod, Maysville, Ky., says: "I had been feeling poorly for some time, before I knew that my kidneys were at fault. I was nervous and dizzy and my back and head ached. I rested poorly and mornings I was all tired out. I read in a local paper how a neighbor had been cured of kidney trouble by Doan's Kidney Pills. I used them and before long I was a great deal better. I was able to sleep well and they improved my health."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McLeod had. Foster-Milburn Co., Props., Buffalo, N. Y.

TOO SENSITIVE.

Of course we mean to obey President Wilson and preserve absolute neutrality; but we know fifty young doctors who could tell in a word what is the matter with a man or a nation of men who commit every kind of brutality on the grounds that the world has entered into a conspiracy against him.

THERE'S GOOD EATING DOWN AT DOVER.

(Dover News.)

The Democratic meeting Friday evening was well attended and was addressed by Thos. D. Slattery, U. S. District Attorney, and Hon. Charles B. Thompson, Internal Revenue Collector, of Covington.

These speakers, with Orie S. Ware, and M. J. Hennessey, spoke at Germantown, and Charles Fennell, of Covington, and Stanley Reed, who spoke at Minerva, and a number of Mason county Democrats, enjoyed an elegant supper at the Hotel Thomas, in which fried chicken, boiled ham, hot biscuit and coffee and other substantial played a conspicuous part topped off with delicious ices and all served in elegant style, as Mrs. Thomas knows how to prepare and serve.

GEORGE ALEXANDER'S PARDON ASKED.

Word has been received in Lexington from Paris to the effect that the friends of George Alexander, president of the defunct bank of George Alexander & Co., will shortly prepare a petition to the Governor, asking Mr. Alexander's pardon in advance of his trial.

Mr. Alexander has been indicted on a number of counts, including the making of false entries in the books of the bank, making false statements regarding its condition, and in other ways violating the banking laws of the State. His trial is set for the coming term of the Circuit Court at Paris, which begins on November 23rd.

INSANE SAVINGS FROM "THE IMPERIAL BRAGGART."

London.—The Copenhagen correspondent of the Evening News says that a German subject, who heard Emperor William on a recent occasion, when he addressed his troops, quotes his Majesty as follows: "We are now fighting for the life of Germany. They wish to kill Germany, but I say if we win—and we must win—a new empire shall arise, more splendid than the world ever saw—a new Roman-German empire, which shall rule the world, and the world shall be happy."

FEDERAL LEAGUE THE BIG OUTLAW.

Chicago, Ill., Nov. 3.—There will be no recognition of the Federal League by organized baseball, and the only way peace can come is for the third leaguers to be assimilated by the major and minor leagues. That peace is remote so far as recognition of the Federal Leaguers is concerned was learned from a trustworthy source. American League representatives have not changed their opinions on the question.

REPUBLICAN LANDSLIDE
Due to Tariff and Problem of Unem-
ployed, McKinley Says.

Chicago, Ill.—“The tariff and the
problem of the unemployed—and they
go together—were the big factors in
the Republican landslide,” said Will-
iam B. McKinley, former chairman of
the Republican Congressional Commit-
tee. Tuesday's election sent McKinley
back to Congress.

THE THAW CASE.
The case of Harry Thaw comes up
for a final hearing before the Supreme
Court of the United States on Decem-
ber 7. The decision of this court will de-
termine whether Thaw is to go back
to New York and become subject to
the laws of that State, under which
he is charged with conspiracy, or go
free. There is no doubt that the sen-
timent of the country is in favor of
Thaw, but that, of course, is not a
legal aspect of the case.

Since his escape, Thaw has been held
sane by a United States court. It
would appear, therefore that if he is
sane, there is nothing more to be done.
A sane man cannot be charged with
conspiracy for making his escape from
an insane asylum. If insane when he
escaped, he cannot be charged with con-
spiracy, for an insane man cannot be
legally guilty of crime. Thaw cannot
be held for murder because he was
acquitted of that charge on the ground
of insanity. It will certainly be a
peculiar technicality if Thaw is re-
turned to the custody of the State of
New York.

BUT IS IT A BODY?
It has been said by several railroad
presidents: “If it is true that great
bodies move slowly, that is the Inter-
state Commerce Commission's single
claim to greatness.”

There is only one business that it
does not pay to advertise and that
is counterfeiting.

**THE CHARM
OF MOTHERHOOD**
Enhanced By Perfect Physi-
cal Health.

The experience of Motherhood is a try-
ing one to most women and marks dis-
tinctly an epoch in their lives. Not one
woman in a hundred is prepared or un-
derstands how to properly care for her-
self. Of course nearly every woman
nowadays has medical treatment at such
times, but many approach the experi-
ence with an organism unfitted for the
trial of strength, and when it is over
her system has received a shock from
which it is hard to recover. Following
right upon this comes the nervous strain
of caring for the child, and a distinct
change in the mother results.

There is nothing more charming than
a happy and healthy mother of children,
and indeed child-birth under the right
conditions need be no hazard to health or
beauty. The unexplainable thing is
that, with all the evidence of shattered
nerves and broken health resulting from
an unprepared condition, and with am-
ple time in which to prepare, women
will persist in going blindly to the trial.

Every woman at this time should rely
upon Lydia E. Pinkham's Vegetable
Compound, a most valuable tonic and
invigorator of the female organism.

In many homes
once childless there
are now children be-
cause of the fact
that Lydia E. Pink-
ham's Vegetable
Compound makes
women normal,
healthy and strong.

WAR ON ILLITERACY
First Week in December Time Set for
starting Work Here—Committees
Appointed

A representative body of Maysville
women met in the reception room of
the High School building Thursday after-
noon where the Kentucky Forward
Movement for a “Greater Kentucky
Educationally” and to finance the
Moonlight Schools was organized.

Mrs. Ross was elected President, Mrs.
Eugene Merz Secretary, Mrs. Foster
Barbour Treasurer.

Mrs. Ross represented Mason county
at the meeting of the Executive
Council, which met in Louisville. She
told of the plan of the movement and
said in part:

“Mrs. Stewart tells us that this
is an emergency case and must be at-
tended by ‘First Aid.’” There are
208,084 illiterates in Kentucky today.
We have been redeeming them at the
rate of 5,000 a year, but at that rate
it will require us forty years to bring
Kentucky up to Nebraska's level today.

This work must be done by 1920.

Kentucky ranks third in contributing
internal revenue to our Government,
but it also ranks third from the bot-
tom in illiteracy and that position is
tailed 10 per cent by our negroes.

In our own Mason county 9.5 per
cent of the population are illiterates.
We have 87,000 illiterate voters in our
State.

Sixty counties are now holding
Moonlight Schools. The work being
done is volunteer work on the part of
the teachers. What we need is equip-
ment. These teachers are ready and
willing to do their part, but we have
no money to buy equipment.

This Kentucky Forward Movement
is a financial one arranged to get the
educated people of the State interested
in their brothers. The cities of the
State have been grouped together and
the movement is to last five weeks.
The first week in December is the date
assigned to Maysville. It is the plan
to further the cause by means of news-
paper articles, posting of placards, dis-
tributing literature all through the
towns and county; meetings will be
held; campaign work in each of the
school buildings of the town. Mrs.
Stewart will open the campaign for
us at the court house. No one will be
personally solicited for funds, but it
is hoped that volunteer contributions
from people of Mason county and
Maysville will be large.

Miss Yancy told of the work for
the Mason county Moonlight Schools;
that great interest was being shown by
the people of the county.

The following committees were ap-
pointed:

Press Committee—Mrs. John Bar-
bour, Mrs. George Longnecker, Mrs.
James B. Ross.

Distributing Committee—Mrs. Eu-
gene Merz, chairman; Mrs. Thomas
Russell, Mrs. Rees Kirk, Miss Lucy
Keith Browning, Miss Lottie Berry,
Miss Annabel Lewis, Miss Mary Best,
Mrs. Bartlett, Mrs. Hall Strode.

Court House—Miss Yancy, chair-
man; Miss Lloyd, Miss Bierbower,
Mrs. Hord, Mrs. Caplinger, Mrs. Stan-
ley Reed.

First Ward Building—Mrs. George
Barbour, chairman; Mrs. Clark Rogers,
Mrs. Homer Ellis, Mrs. J. M. Young,
Mrs. Pearce Browning.

man; Mrs. Caplinger, Mrs. Charles Han-
cock, Mrs. Frank Barelay, Mrs.
Chenault, Mrs. James H. Hall.

chairman; Mrs. Ficklan, Mrs. Perry,
Mrs. Shap, Mrs. Jos. H. Dodson, Mrs.
Anna Ball, Miss Southerland, Miss
Martin, Mrs. Mann, Mrs. Dale.

Simons, Miss Ellen Cochran.

Mary Wilson, Miss Grace Bierbower,

Mrs. Power, Miss Alice Gill.

BARBED WIRE.
Since August 1st, this country has
shipped 50,000 tons of barbed wire to
Europe, but it was for war purposes,
not pastoral. When a charge is made
in battle, the worst obstacle the sol-
diers encounter is a barbed wire fence.
Then it is when the artillery gets in
its work—when the soldiers of an
enemy get all tangled up in a wire
fence. In this dilemma thousands of
poor fellows have lost their lives. There
was nothing of this kind in the Civil
War. We did not think of such butch-
ery; but in these days the barbed-wire
fence seems quite as handy as the aerial
bomb. It seems that the wars of the
twentieth century are after cruelty.
But that is disgusting civilization the
world over, and the reaction is sure to
come in the form of no war—Ashland
Independent.

**FIFTY YEARS AGO IN
CINCINNATI**
(Commercial Tribune)
November 6, 1864.

Hon. John A. Bingham of Chicago
visited the Burnet House in prepara-
tion for a big Union rally. Manu-
facturers and merchants of the three
cities have agreed to close at noon on
Monday in order that employees may
participate in the big rally and parade
which will close the Union campaign.

Draft officials were busy in the Six-
teenth Ward yesterday, this ward be-
ing delinquent. Other sections of the
city will be raided within the next day
or two and able-bodied men must go
to the front or furnish substitutes.

The local markets were active yes-
terday and prices closed at a higher
level. Flour \$9.25; wheat \$1.81; corn
\$1.35, and oats 65 cents.

The National Theater will inaugurate
a horse opera and John Robinson, the
famous circus man, is behind the plan.

Once again the con man got in his
work, the Burnet House being the scene
of operation and an elderly gentleman
from Indiana the victim. A large belt
of gold coin was offered for sale and
a polite young gentleman offered to buy
it but being slightly short of the amount
needed, he excused himself until he
could step over to the office and
secure the balance. He took the gold
with him.

**SEVENTEEN TAMMANY CON-
GRESSMEN MAY HOLD
BALANCE OF POWER.**

Washington.—The voters of the
country, judging by the latest returns,
se arranged it that Tammany, scorned
and flouted by the administration, will
have the say in the next Congress as
to whether an administration program
will be carried out.

Reports and claims of the two parties
indicate that the Democrats will
have a clear majority of less than
30, providing they can keep their en-
tire membership together. This means
that there would be a working majority
only under ideal conditions and that
even a small outbreak of insurgency
could wreck the hopes and ambitions of
the administration leaders.

It is not expected that the Tammany
members will stand by and let the
chance escape. According to returns
there will be at least 17 out-and-out
Tammany Democrats in the delegation,
with the probable addition of two or
three sympathizers from up-state. At
any rate, there will be enough of them
to force the administration to give them
anything they want under threat that
they will bolt and tie Congress if their
demands are refused.

SHOEING EUROPE'S HORSES.

There is much significance in a big
order now being filled by one of the
American Steel and Wire Company's
plants in Pittsburgh. The order call-
for about 5,000,000 horseshoes for the
cavalry horses of France and Russia.

The two governments want fifty car-
loads apiece, which means between
8,000,000 and 12,000,000 pounds of
horseshoes to be shipped in from
80,000 to 120,000 kegs containing
100 pounds each.

That is merely a beginning in this
one industrial line. Other big orders
are said to have come from Germany
and Austria. How the goods are to be
delivered is not revealed, but pre-
sumably a way will be found. At any
rate, the plant is going on “double
turn,” and long before this war ends
there may be many other plants in
many other lines of business likewise
on double turn to supply Europe's
needs.

sons consists of one courageous man
and 999 cowards.

SAVES DAUGHTER

**Advice of Mother no Doubt Pre-
vents Daughter's Untimely End.**

Ready, Ky.—“I was not able to do
anything for nearly six months,” writes
Mrs. Laura Bratcher, of this place, “and
was down in bed for three months.”

I cannot tell you how I suffered with
my head, and with nervousness and
womanly troubles.

Our family doctor told my husband he
could not do me any good, and he had
to give it up. We tried another doctor,
but he did not help me.

At last, my mother advised me to take
Cardui, the woman's tonic. I thought
it was no use for I was nearly dead and
nothing seemed to do me any good. But
I took eleven bottles, and now I am able
to do all of my work and my own
washing.

I think Cardui is the best medicine in
the world. My weight has increased,
and I look the picture of health.”

If you suffer from any of the ailments
peculiar to women, get a bottle of Cardui
today. Delay is dangerous. We know
it will help you, for it has helped so
many thousands of other weak women
in the past 50 years.

KENTUCKIANS LOSE FORTUNES.

Chicago.—Owing to the sudden and
rapid spread of the foot and mouth
disease, discovered here last week in
the Union Stock Yards, a large number
of the valuable animals exhibited here
at the National Dairy Show must be
killed.

Some of these animals are worth
thousands of dollars for breeding pur-
poses. Among the losers will be T. P.
Middleton, of Eminence, and W. R.
Spann, of Shelbyville. It is estimated
that their loss will amount to \$50,000
each.

The case of Mr. Evers, who earned
\$45,000 in baseball last season, greatly
increases the difficulties of those who
try to induce young men to go in
for business careers.

A WOMAN'S APPEAL

To all knowing sufferers of rheumatism, whether
muscular or of the joints, sciatica, lumbagoes,
backache, pains in the kidneys or neuralgia
pains, to write to her for a home treatment which
has repeatedly cured all of these troubles. She
feels it her duty to send it to all sufferers FREE.
You cure yourself at home, as thousands will tes-
tify—no change of climate being necessary. This
simple discovery banishes uric acid from the
blood, loosens the stiffened joints, purifies the
blood and brightens the eyes, giving elasticity
and tone to the whole system. If the above in-
terests you, for proof address Mrs. M. SUMMERS,
